

BSC America Announces Eric Wagner as Tallahassee Auto Auction General Manager

FOR IMMEDIATE RELEASE: MARCH 27, 2017

Bel Air, MD – R. Charles Nichols, President of BSC America, announced that industry veteran Eric Wagner had been named General Manager of Tallahassee Auto Auction. “Eric will lead the operations and sales teams to the next level with excellent service and the latest offerings in technology. Eric will report to Tommy Rogers, a member of BSC America’s Management team,” stated Nichols.

Born in Toledo, Ohio, Wagner brings more than 30 years of auto auction experience to the table as he assumes the role of GM. Having worked in both independent and corporate-owned auctions, Wagner is excited to return to the independent sector of the wholesale auto auction industry. Wagner’s career has taken him to auction markets in Detroit, Flint, Atlanta and more recently Daytona Beach where the Florida Independent Automobile Dealers Association (FIADA) recognized him as the Auction Person of the Year.

“BSC America’s Tallahassee Auto Auction has seen continued growth in both the dealer and commercial segments of our business. Eric’s steady approach and experience in the Florida markets will be instrumental as we move forward with our plans for growth and expansion,” Rogers stated. “We have acquired additional acreage adjacent to the Tallahassee facility. This, along with plans for lane expansion, will serve us well as we continue to solidify our position as the leading independent auto auction in the Florida Panhandle.”

Eric Wagner adds, “I am excited to return to my roots in the independent auction segment. To join BSC America, as they expand their footprint in the Bel Air Maryland region and beyond, gives me great pride to incorporate that same attitude of growth and expansion in the Tallahassee region. Continual investments in technology and the latest ideas are a testament to the success and values that we want to bring to our dealers.”

Michelle Nichols-Neff, Vice President of BSC America adds, “We are excited to have Eric join us at Tallahassee Auto Auction. His experience and auction knowledge will serve us well as we continue to expand our footprint and develop the relationships that will add to the growth and success in the Florida market.”

BSC America, headquartered in Bel Air, Maryland, operates several full-service companies including Bel Air Auto Auction in Maryland and Tallahassee Auto Auction in Florida, both of which are members of the ServNet auction group and the NAAA.
